$$\frac{\text{Total quantity loaded/unloaded by HMC} \times 24}{\text{Net time taken by crane for handling of cargo}}$$

(2) Calculation of average berth-day output is to be calculated as illustrated below :

Total quantity handled by port cranes	24298 MT
Gross hours of crane operation	60 hrs.
Net crane operation hours	60 - (total hours of column no. 2 of Table A)
$\frac{\text{Total quantity loaded/unloaded by HMC} \times 24}{60 - (\text{Column. No. 2 of Table A})}$

SECTION – IX

Integrity Pact

The Central Vigilance Commission (CVC) has been promoting integrity, transparency, equity and competitiveness in transactions by various organizations of the Government of India. Public procurement is an area of concern for the CVC, and many steps have been taken to put proper systems in place. In this context, Integrity Pact (IP), a tool conceptualized and promoted by Transparency International, an international NGO, aimed at preventing corruption in public contracting, has been found useful. It has been decided by Ministry of Shipping that all organizations under the Ministry will implement IP. IP should cover every tender / procurement above a specified threshold value. The threshold value of contracts / procurements / transactions incorporating IP would be such that it covers 90% by value of all contracts / procurements / transactions of the organization in the last 3 years. Presently the threshold is fixed as Rs. 3.00 crore. IP essentially envisages an agreement between prospective vendors / bidders, and DEENDAYAL PORT AUTHORITY, committing the persons/officials of both sides not to resort to any corrupt practice in any aspect of the contract at any stage. Only those vendors / bidders, who commit themselves to IP with DPA, would be considered competent to participate in the bid process. Any violation would entail disqualification of the bidders and exclusion from future business dealings. IP, in respect of a particular contract should cover all phases of the contract, from the stage of Notice inviting Tender (NIT) / pre-bid stage, till the conclusion of the contract, i.e. final payment or the warranty / guarantee period. IP would be implemented through Independent External Monitor (IEM), who are eminent persons appointed by the organization, with approval of CVC. The term of appointment for an IEM would be 3 years. Name of the IEM will be mentioned in NIT.

The IEM would review independently and objectively assess, as to whether and to what extent parties have complied with their obligations under the IP. IEM would have access to all contract documents, whenever required. The bidders may raise disputes / complaints if any, with the IEM. The IEM would examine complaints received by them and give their recommendations / views to the Chairman of Port Trust. Recommendations of IEM would be in the nature of advice and would not be legally binding. Their role is independent in nature and the advice once tendered would not be subject to review at the request of the organization.

2) Scanned copy of Pre-Contract Integrity Pact Agreement (As per Appendix) is to be uploaded along with the bid. Original hard copy of Pre Contract Integrity Pact Agreement shall be submitted by post or hand immediately after closing date of online E-tender failing which tender shall be considered irrelevant.

Note:

1) The bidder has to execute Integrity Pact Agreement with Deendayal Port Authority as per procedure given under clause no 37 of Section I of the tender documents.
